More about us - New ideas with new businesspartners

pronova
projection · light · optics

We are an internationally active, innovative company based in the Greater Cologne area founded in 1999. Our main areas of competence are the development, production and sales of new technologies:

transparent projection, daylight technology and optical elements.
After successfully launching new products in the field of holographic optics we are looking for

**Business partners
Dealers / Agencies**

who can work with us to drive sales nationally and internationally and can work separately according to both specific projects/branches of industry and individual countries and regions.

If you are interested please contact us and we will send you further information. Please send any inquiries you may have directly to m.kischkoweit@gb-pronova.de.

HoloPro™

HoloPro™ at the Museum of Islamic Art of Doha, Qatar

The "Book of Secrets in the Results of Ideas" is a book that dates back to the year 1000. The drafts of the Book of Secrets deserve special presentation. Under the patronage of the Emir of Qatar, His Excellency Sheikh Hmad bin Khalifa Al-Thani, the means have been provided for a permanent exhibition of the Book of Secrets at the Museum of Islamic Art in Doha.
